Welcome to CommentBuilder.

1.0.0 (2019-06-01)

First release.

About:

CommentBuilder is written by Stefan Bodingh.

CommentBuilder is free and comes with no support. On suggestions how to improve please contact [Stefan Bodingh](#).

If you find errors, please send the source file that caused the error.

Key features:

CommentBuilder is a Copyright/ID block comment tool.

Select the .pas file that you would like to add or change the Copyright/ID block on.
